Be Prepared

- You must have currently practiced bicycling skills
- You must be physically able to walk/push a 300lbs motorcycle
- You must be at least 15 years 7 months of age

Riding a motorcycle, and participation in a RiderCourse, requires physical stamina, motor coordination and mental alertness. Be sure you get a good night's sleep before all class dates. Do not drink any beverage or take any medication or drug that may impair your ability to operate a motor vehicle safely.

If you are under a doctor's care or have any physical or mental condition which could affect your ability to operate a motor vehicle safely, **PLEASE** tell the RiderCoach prior to the start of your course. Failure to complete a course due to a medical condition; which the training facility Ride Arizona MTC was not aware of, is the result of your tuition.

We will ride in both sun and rain so bring sun block and or rain gear to be prepared. If you should get hungry before we break for lunch; please bring snacks if needed.

Be Prompt It is best to arrive 15 minutes before all classes (classroom/ riding). We need to start on time. If you should be more than 7 minutes late, you will be asked to reschedule and be charged for a rescheduling fee.

We are sometimes subject to weather or unforeseen conditions, so leave yourself at least 1 hour leeway at the end of the training day.

Course Completion

The State of Arizona and the Motorcycled Safety Foundation requires 100% attendance of all RiderCourse sessions in order to successfully complete the course. You will be required to demonstrate an on-cycle skilled evaluation test as well as passing a written knowledge test to attain a completion card. **Read your Rider Hand Book and start answering questions on page 51; this will really help in classroom participation.**

- **We cannot guarantee that you will successfully complete this course or that you will be able to ride safely enough to be allowed to continue in all of the riding sessions.**

There may come a time where either you or the Rider Coach may drop you from the course; this is done in two ways:

- 1) You are operating in an unsafe manner
- 2) Or you are not meeting MSF course evaluation guidelines

When this is the case, there will be no refund of tuition and you will not be able to participate in the riding sessions. As mention above we cannot guarantee your success. You will have to call the office on Monday.

No class space is reserved until it has been paid for. Class space will not be reserved solely on the basis of a telephone call.
